

A message to the parents of the Amigos Learning Center class of 2020

Given the recent media coverage of the corona virus, I want to assure you that Amigos Learning Center is keeping track of this situation through trustworthy sources like Texas (DSHS) "Department State Health Services" the CDC "Center for Disease Control".

We will be following NISD health recommended steps or better, to prevent the spread of the Convid-19. In our school we will be working carefully to encourage simple & effective habits of frequently hand-washing, cleaning classroom tables, chairs, surfaces frequently.

We will be monitoring your child daily, upon their arrival, we will measure their temperature, not to exceed 98°, apply a antibacterial gel on their hands, and will have them wash their hands frequently after projects and/or playground. We are not sure if kids their age will be able to wear a face mask for so many hours or if it will necessary if all the kids in the class are not sick.

“ PLEASE, DO NOT BRING SICK CHILDREN TO SCHOOL, OR IF ANYONE IN YOUR IMMEDIATE FAMILY HAS BEEN IN CONTACT WITH ANYONE WITH THE VIRUS IN THE LAST 14 DAYS, DO NOT COME TO THE SCHOOL, PLEASE ”

As with the school district, our school will be starting on a Tuesday September 8, 2020, for the new school year.

All students however will need to comply with the standard regular fees for the new school year.
