June Newsletter

Shhh...listen...can you hear the lilting melody of the bridal march? We can! Yes, it's Bridal Season, and The Powder Room is here to help you prepare for your big day in a myriad of ways, from skin and body treatments like our Plasma Pen facial and CryoSlimming® to skincare from Revision® and Bridal makeup lessons with Kelly and Cara. We're also excited to announce a new partnership with Matina's Bridal for various bridal looks this season. With 40 years of experience in the industry, Matina's is *the* place to shop for all of your bridal finery and is an excellent source for all of our brides! Whether you need a little guidance with makeup application or want head-to-toe help, we're here to make your special day much more special.

Kelly's Picks Cryoslimming

Start the bridal season with CryoSlimming® to help you achieve the shape you've always wanted for your special day! World-renowned Cryoskin has created CryoSlimming®, which is not just another cream, scrub, or massage – this treatment is backed by proven science to give you visible results after your first session. Using the non-invasive technology to remove fat using sub-zero temperatures (up to 4°F), CryoSlimming® exposes your skin to cooling, which causes the breakdown of the subcutaneous fat tissue. Providing precise temperature control, each treatment lasts approximately 45 minutes and creates the perfect conditions to reduce fat without damaging your surrounding tissue. Throughout the CryoSlimming® process, your body calls on your lymphatic system to eliminate the fat debris after the freezing temperature has destroyed the fat cell. Using CryoSlimming®, 99% of respondents saw an improvement in belly fat, and 100% saw improved skin quality. Whether you want to treat your belly, arms, upper back, or chin, CryoSlimming® will slim and tone your body with zero side effects – or downtime – and allow you to be the best version of yourself on your Big Day! Packages are available!

Karli's Korner Product

Natura Bissé Diamond Luminous

***New product alert!** Who better than Natura Bissé to trust with your precious skin this summer? It's a well-known fact that we all need to protect our skin from the sun's damaging rays because it is essential for skin health, but it's also crucial for preserving a youthful appearance as we age. Formulated with niacinamide, vitamin E, and Artemia salina extract, this velvety-tinted sunscreen rejuvenates and energizes your skin to help minimize the signs of aging, like dark spots, fine lines, and wrinkles. Color pigments adapt to even most skin tones while providing a flattering glow to showcase your sexy summer skin (and hide those slight imperfections!). This all-in-one SPF contains UVA/UVB protection with 100% mineral filters to give you the age-defying benefits you want and deserve. Get bridal ready this June with our special – receive a certificate for 20% off the Natura Bissé G3 Glow Peel Facial when you spend \$125 or more on Natura Bissé skincare. Be beach-ready or Big Day ready this summer with The Powder Room and Natura Bissé!

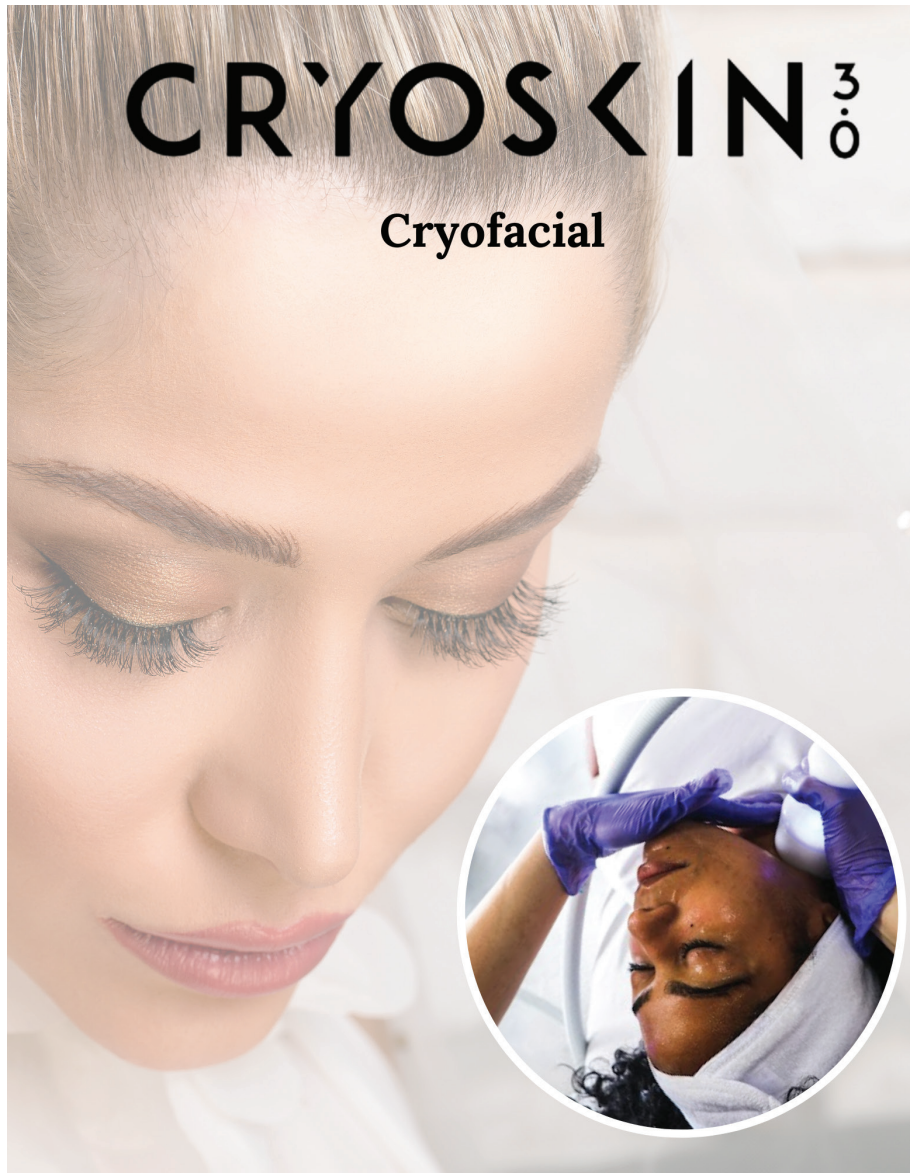

Revision: Bodifirm

Want tighter, firmer, younger-looking skin just in time for the beginning of wedded bliss? Seriously, look no further than Revision Skincare®. Because the skin on your body is fundamentally different from the skin on your face and décolletage, Revision Skincare® created Bodifirm™, specifically formulated to address specific skin concerns. This clinically proven formula was developed to firm, tighten, and lift sagging skin while providing a firmer, slimmer, and more sculpted appearance. Using patent-pending iFirm™ Technology, Bodifirm™ restores your skin's youthful density and elasticity while diminishing the appearance of fat to contour the body. Whether you're starting a new life with your partner or celebrating your 25th wedding anniversary, their fabulous formulation will also help maximize skin hydration and correct visible photodamage (which is great when we've had too much sun)! This skincare marvel by Revision Skincare® will roll back the years to reveal skin that is more youthful and glowing, so stock up now and show off those beautiful arms and legs this summer!

Cara's Confidential Cryofacial

Cool off this summer with The Powder Room and our CryoFacial! As we've always said at The Powder Room, makeup is only as good as the skin underneath, so we must all take care of our skin if we want makeup to look its best. The perfect pairing for walking down the aisle, our specialty CryoFacial will improve your pretty complexion, reduce pore size, soften lines and wrinkles, and leave your skin absolutely glowing! We expertly cool the dermis below freezing, which reduces wrinkles. Then, using this specialized probe, this cutting-edge technique causes the skin to tighten (vasoconstriction) to dilate capillaries and blood vessels and helps flush toxins and reduce impurities. The combination of freezing and vasoconstriction produces collagen, giving your skin a healthy appearance. When planning your wedding, look no further than The Powder Room and our customized CryoFacial and watch those heads turn! Packages are available!

Karli's Korner Plasma Pen

Let The Powder Room help you get wedding day ready (and look more youthful) with a stroke (or dot) of the pen this summer with the best non-invasive cosmetic procedures – The Plasma Pen or commonly referred to as Fibroblast Therapy created by Louise Walsh International, this world-leading plasma device contains technology that revolutionizes how we treat skin revitalization. Delivering a brighter, more contoured, and youthful appearance, the Plasma Pen will give you virtually immediate and tremendously long-lasting results without fillers or surgery! Requiring little to no downtime, these treatments can target various skin concerns, such as fine lines and wrinkles, sagging skin, acne scars, and hyperpigmentation on all parts of the body and face. Administered by a licensed, trained, and insured Plasma-certified technician, this skin-tightening rejuvenation device will unlock your skin's hidden potential just in time for your Big Day. Fewer wrinkles, better skin laxity and tone, and smoother texture can all be yours in just one treatment, so schedule your Plasma Pen consultation today! Special: This June, buy one area and receive one area for 50% off of equal or lesser value (both sites must be done on the same day).

Two Dresses / Two Looks

These days many brides choose to have two dresses – A more classic formal look for the ceremony and something more playful, sexy, and fun style for the reception. After your perfect canvas has been created with a CryoFacial and the best skin care, Cara will commence with her expert makeup application, using her professional skills to create two looks for your wedding day customized just for you. She'll create a stunning classic look for the ceremony that can transform into a more sultry party look for the reception in just a few simple steps. Take advantage of our bridal makeup lessons and learn the tips and techniques from our professional bridal artists that will have you worry-free; come to the Big Day. Let The Powder Room help you be and feel your most beautiful while celebrating the most important day of your new lives together.

**And, as always, don't forget to pamper your pretty self!
Love, Kelly**
