

DNA Services

Genetic testing services and pricing are designed with you in mind. Competitive pricing, rapid turnaround time, and first rate customer service are just a few of the ways we help you find answers in your DNA.

We give our clients peace of mind and confidence in the results we provide.

Did You Know?

- DNA testing is fast and easy
- A cheek swab is all you need for testing
- There are two types of tests:

Informational is for peace of mind and not court admissible. Perform collection in your own home. Results are delivered in 1 - 2 business days.

Legal is court admissible. A third party performs the collection. Results are delivered within 3 business days.

Common Questions

- What if the Alleged Father is not available?

If a sample is not available, other options are available such as grandparentage, siblingship, or Y analysis.

- Do individuals have to be in the office at the same time for collection?

A network of collection sites are available for parties located in different cities. We can help coordinate the collection process on different days and times for tested parties.

- What other types of samples can you test?

In many cases non-standard samples can be used for DNA testing.

Examples: teeth, hair, bones, fingernails, toothbrushes, clothing, and organ/tissue
