Kelly's Picks

Custom Makeup Application

From dark and sultry or fresh and clean to classic glamour, start your May by scheduling a custom makeup application with our owner, Kelly Miron! Her vast professional experience in the industry allows her to show you the most current and best practices available. Combining her talents with our professional-grade cosmetics will give you a long-lasting and beautiful look for any occasion. For your session, focusing on your eyes is always a good thing, so start with Ellis Faas Lights for metallic eyes that look wet but are dry and Ellis Faas Creamy Eyes, which are applied as a liquid but then dry to resist humidity, tears, and sweat, which is perfect for the upcoming summer months! Finish your look with Mink Strip Lashes in various styles to suit your mood. They can be worn 12-14 times before being replaced, and these lux lashes highlight your eyes perfectly! Please make an appointment with Kelly by calling the store or DMing us on our social media. I can't wait to see you this month!
