Dear [PATIENT]:

I'm excited to share with you that we have partnered with UBERDOC.

UBERDOC is a healthcare platform that allows you to book your in-person + telemedicine appointments directly with my practice through the following link
<https://app.uber-docs.com/Specialists/SpecialistProfile/Nausheen-Ahmed-MD/Midwest-Primary-Care-and-Geriatrics>

UBERDOC allows you to bypass insurance restrictions with the following benefits:

- You do not need insurance
- You do not need an insurance approval to visit my office
- You are delaying care because your deductible is too high
- You are not restricted to see me if I am an out of network doctor on your plan
- You do not pay a copay upon visit
- You self-pay using your Health or Flex Spending Account or credit card
- You will never receive a surprise bill

I am thrilled to offer this type of option to my patients. Please note, if you need subsequent care, you can always use your insurance plan.

Please let me know if you have any questions. I look forward to seeing you soon.

Sincerely,

Dr. Nausheen Ahmed
